1. Consolidated Operating Results

(1) Overview of Consolidated Operating Results

During the fiscal year, the Japanese economy recovered from the impact of the COVID-19 pandemic and moved towards a stable economic environment. Government policies, along with favorable external conditions, helped bolster personal consumption. However, rising energy and raw material costs, as well as geopolitical risks, continue to cast uncertainty over the economic outlook. Our core BtoC subscription business maintained robust consumer demand for food delivery services even as overall economic activity normalized. By expanding our product lineup and developing offerings that provide convenience and time savings, we are actively meeting the evolving food needs of households.

In the BtoB subscription business, market activity remained strong as office cafeterias played an increasingly important role in motivating employees to return to the workplace. Still, rising ingredient prices, higher minimum wages, and persistent labor shortages have presented significant challenges.

Against this backdrop, the Company - an essential supporter of the food infrastructure - remains committed to ensuring a stable supply of products. Amid significant shifts in food consumption patterns at home and in institutions such as hospitals and nurseries, we will proactively identify emerging needs among our customers, end users, and clients, and offer products and services tailored to those demands.

As a result, the Group's operating results for the current fiscal year were as follows: revenue of 256,009 million yen /+72.5% from the previous fiscal year, EBITDA*¹ of 12,800 million yen /+55.3%, operating profit of 6,864 million yen /+33.9%, and profit attributable to owners of parent of 3,638 million yen /(11.4%).

*1 EBITDA = operating profit + depreciation + amortization of goodwill

Following the discovery of an inventory overstatement at the food manufacturing base of SLOGIX CORPORATION - a business unit of SHIDAX CORPORATION - we amended our financial results. Since SHIDAX HOLDINGS CORPORATION wholly owns SHIDAX CORPORATION and we hold a 66% stake in SHIDAX HOLDINGS CORPORATION (making it a consolidated subsidiary as of the fourth quarter of the previous fiscal year), we subsequently revised the financial statements for the 27th fiscal year (ended in March 2024) and all subsequent periods. On March 31, 2025, we submitted the Securities Report for the fiscal year ended March 2024 and the Semi-Annual Report for the fiscal year ended March 2025 to the Kanto Local Finance Bureau. Additionally, we disclosed the amended Financial Results Summary for the first quarter of the fiscal year ended March 2025, the amended Financial Results Summary for the second quarter of the fiscal year ended March 2025, and the Financial Results Summary for the 28th fiscal year (April 1, 2024 - December 31, 2024).

①BtoC Subscription Business

The BtoC Subscription Business offers a home delivery service for premium food products—such as fresh fruits and vegetables, processed food items, and environmentally friendly meal kits - in response to customer orders placed via our website and catalogs. These products are delivered in accordance with the Group's unique cultivation and production standards.

In Japan, we primarily sell food and ingredients directly through online platforms and catalogs under three brands: Oisix, Daichi wo Mamoru-kai, and Radish Boya. Guided by the concept of "completely natural, purely domestic," we are dedicated to enhancing our services by emphasizing domestic and organic ingredients. Radish Boya develops innovative products and services, such as "Fuzoroi Radish" - a selection of non-standard vegetables and related items designed to achieve zero food waste - targeting households that wish to contribute to society and

support local producers through everyday activities like cooking.

Internationally, we operate the Purple Carrot brand in the United States. Purple Carrot caters primarily to consumers seeking a healthy lifestyle through plant-based diets while offering convenient, time-saving products and services.
